OVERVIEW

I am a third-year ICT student at Mahidol University with a background in Full-stack development and Data Science. My goal is become a Business Analyst who can connect IT and business. I am interested in understanding business workflows and using tools like Excel and Power BI to identify problems and suggest improvements. With my technical background, I can turn business requirements into clear tasks for the dev team. I am looking for a BA internship to practice being the connector between business goals and technical execution.

SKILL SETS

Business Analysis & Data:

- **Tools:** Power BI, Excel, Draw.io
- **Data Science:** Jupyter Notebook, Pandas, Numpy, Scikit-learn
- **Database:** SQL

Technical Background:

- **Languages:** Python, Spring Boot, Javascript/Typescript
- **Development:** Git, Postman, VS Code, REST API

Soft Skills: Communication, Problem Solving, Requirement Gathering, Team Collaboration, Adaptability

PROJECTS

Apartment Management Admin Tool

- **Description**
Built a full-featured admin system for apartment operations, including tenant management, room availability tracking, billing, and maintenance workflows.
- **Achievements**
 - Built tenant and lease management with conflict-free room assignment and historical room rates.
 - Developed room availability dashboard and automated receipt/contract generation.
 - Implemented maintenance tracking, per-unit logs, reminders, and supply stock alerts.
 - Added summary reports by unit, tenant, and month.
- **Tools:** React, Spring Boot, Docker, PostgreSQL, REST API

E-commerce Web Application

- **Description**
Developed a full-stack e-commerce platform with product listings, shopping cart, authentication, and payment integration. Focused on performance, database management, and smooth API integration.
 - **Achievements**
 - Built secure user authentication and real-time cart updates.
 - Integrated payment gateway for seamless checkout.
 - Optimized frontend performance and backend queries
 - **Tools:** React, Tailwind CSS, Framer Motion, REST API
-

EXPERIENCE

Second-year Intern

Worked on simple web development tasks using HTML and CSS. During this internship, I also practice communication skills by talking with team members and explaining my work clearly.

EDUCATION

Bachelor of Science

Majors: Digital Science and Technology
Mahidol University
2023 - now

OTHERS

- **Language**
 - Thai : native
 - English : TOEIC 685
- **Typing** : 130+ words per minute (WPM)
